

## Rod To Cable Coupling

Rod to Tape Coupling are made of copper alloy. Used with the air rod brackets to connect the air rod and cable conductors. The coupling is screwed onto the air rod and then connects to the tape with the bolts.

**TABLE**

Rod Dia.	Conductor Size	CAT NO.
15	50	MCRCC-1550
15	70	MCRCC-1570
15	90	MCRCC-1590
